

Metal clay chains:
Supply List

Can be ordered from the following: jewelryartistsupply.com, cooltools.us, amazon.com, or any other outlet that sells metal clay. Sadly there are no local sources for metal clay. Plan ahead!

Metal Clay

Clay of your choice from the following.

(Choose one or bring several to use in a mixed-metal chain)

Brands and amounts:

Silver:	PMC3, 50 mg
Bronze:	BronzClay, 100mg
	Fast fire BronzClay, 100 mg
Copper:	CopprClay, 100 mg
White copper:	WhiteCopprClay, 100 Mg

Basic Tools and Supplies

Cool slip (can be ordered from cooltools.us, amazon.com, jewelryartistsupply.com)

a good needle tool

Paste Maker

balm for your hands such as badger balm or cool tools brand, slik baby. Can purchase badger balm at Michael's or maybe Hobby Lobby

a roller (clear ones are nice: Argenta Beads, Michael's, internet site) (the larger the better) If you are handy, or know someone who is, the best rollers are made from large (around 3") pmc pipe, around 12" long.

a deck of cards - dollar store, etc.

small paint brushes - same as above

small spray bottle that sprays a fine spray

several small containers with either screw on or tight fitting lids (empty make-up containers, small Tupperware or like, etc.)

scraper blade

tissue cutting blade

Nice to Have, but not required:

cutting mats

small cubic zirconias (2-3mm)

embeddables (sterling or fine silver) Rio Grande
